

Thank you for taking the time to read this! I want to be your voice for PSIA-AASI from Intermountain Region. I am driven to make positive changes with PSIA-AASI for all of you. My strong listening skills are honed in throughout my past experiences as team leader and educator in the public school system. I earned my master's degree in education from the University of Colorado, Boulder in 2015, Eureka!!!- the essence of learning is truly a social construct. Collaboration is paramount in our world. Your voice matters to me. When you get to know me, you'll see I am very sensitive to the needs of others. My skiing career began in 2015 with Jackson Hole Mountain Sports School where I have the privilege to instruct children and adults. (Took a snowboard lesson last spring...have a great appreciation for those skills!) Encouraged by my supervisors, I earned my Alpine level 1 in 2016, same year that I became a member. Since then, I've earned my Alpine Level 2 and CS2. Last year I genuinely enjoyed stepping in as a supervisor in the Children's Program for the season while the full-time supervisor took maternity leave. As I train for my level 3, I appreciate the comradery with my fellow instructors and trainers. I would be honored to be your PSIA-AASI Board Member to share your ideas and passions!
